The Lion Helm AZRAEL
A 4+ invulnerable save protects this unit.

Braziers of Judgement INNER CIRCLE COMPANIONS
• Stealth is carried by this unit.
• Melee attacks aimed at it take -1 to their hit rolls.

ABILITIES

Grand Master of the Deathwing BELIAL
Against an enemy CHARACTER unit, the attacks this unit makes have +1 to wound rolls.

Strikes of Retribution BELIAL
When this model is destroyed in the Fight phase before this unit has been selected to fight, roll one D6: on a 2+ it stays on the battlefield until this unit has fought or the phase ends, whichever comes first, and is then removed.

Deep Strike BELIAL + DEATHWING KNIGHTS
You may hold this unit in Reserves rather than deploying it on the battlefield; when it arrives, it is set up wherever you like, provided every enemy model is more than 8" away horizontally.

Inner Circle DEATHWING KNIGHTS
- Each attack against this unit gets -1 D.
- The Tactical Dreadnought Fortitude stratagem can never target this unit.

Teleport Homer (Once per battle, per unit) DEATHWING KNIGHTS
Before the battle begins, you can put one Teleport Homer token for this unit anywhere on the battlefield. While it is there:
- When this unit is the target of the Rapid Ingress stratagem, you can spend the token: that use costs -1 CP, and the unit has to arrive within 3" of the token and not within 8" of any enemy unit. The token then leaves the battlefield.
- If an enemy unit finishes a move within 1" of the token, the token leaves the battlefield.

Engulfing Fear
(Psychic level 1) In your Shooting phase, while this unit is not battle-shocked, you can roll one D6 as a psychic roll for it; a 1 leaves this unit battle-shocked. Then pick one enemy unit within 12" of this model: it takes a Battle-shock test, with 1 subtracted from the result.

Book of Salvation
Melee attacks made by this unit have +1 A.

Psychic Hood
Models in this unit have the Feel No Pain 4+ ability against Psychic Attacks and against mortal wounds.

Chief Librarian
(Psyker level 3) The psychic abilities on this datasheet, in the Psychic Abilities section, belong to this model.

Whispers of the Shadow Forest
(Psychic level 1) Where an enemy unit targets this unit, a psychic roll is open to it while it is not battle-shocked. Roll one D6; if you do:

- A 1 leaves this unit battle-shocked.
- Until the phase ends, subtract 1 from the Hit roll for every attack that targets this unit.

RULES AND STRATAGEMS

Space Marine Chapters ARMY RULE

• When an ADEPTUS ASTARTES unit's datasheet carries a second Faction keyword, that keyword names the unit's Chapter: Marneus Calgar carries ADEPTUS ASTARTES and ULTRAMARINES, so he is an Ultramarine.

• An army may include units from one Chapter only.

Combat Doctrines ARMY RULE

Select one combat doctrine below at the start of your Command phase. The doctrine you pick stays active until your next Command phase begins, for every friendly ADEPTUS ASTARTES unit carrying this ability.

ASSAULT DOCTRINE

This unit stays eligible to declare a charge in a turn in which it made an advance move.

DEVASTATOR DOCTRINE

This unit's ranged attacks have [ASSAULT].

TACTICAL DOCTRINE

This unit stays eligible to shoot and eligible to declare a charge in a turn in which it made a fall-back move.

Except where a rule says otherwise, each combat doctrine can be selected once per battle, and a unit can have only one combat doctrine active at a time: a rule that makes a doctrine active for a unit ends whichever doctrine that unit had before.

Transhuman Strategist ARMY RULE

At the start of the battle round, gain 1CP if your WARLORD carries this ability.

Librarius ARMY RULE

A psyker level of 1 or higher is carried by every ADEPTUS ASTARTES PSYKER unit with this ability, stated among that unit's abilities, and a psychic level of 1 or higher belongs to each psychic ability, stated in its name.

Across one battle round, the psychic abilities a friendly ADEPTUS ASTARTES PSYKER unit uses may add up to no more than that PSYKER unit's own psyker level.

Example: a psyker level 3 PSYKER unit can spend a battle round on:

• Three abilities of psychic level 1.

• One of psychic level 1 with one of psychic level 2.

• A single ability of psychic level 3.

Dutiful Tenacity WRATH OF THE ROCK

Whenever an attack whose S beats the T of a friendly ADEPTUS ASTARTES INFANTRY/MOUNTED unit is aimed at it, that attack takes -1 to its wound roll.
